

## 125th Birthday Celebration Events

Town of Gardnerville

Summer/Fall 2004

### 2004 Road Projects

Each year the Town updates the annual 5-year capital improvements program outlining major projects that need to be carried out. You might have observed Town crews out performing the bi-annual pavement condition index evaluations (PCI) recently. Road projects take in to account pavement condition, soils, traffic counts, and remaining service life of asphalt. With the fiscal year beginning July 1, 2004, the following road projects are included:

- **Mill Street from Douglas to Hussman-** Complete road reconstruction including over-excavation, new road base, and asphalt surfacing. Minor concrete replacement.
- **High School Street from Douglas to Hussman-** Complete road reconstruction including over-excavation, new road base, and asphalt surfacing. Minor concrete replacement.
- **Asphalt patching and chip sealing-** All of Industrial Way, Industrial Court, Southgate Drive, Service Drive, Pep Circle, Venture Drive, and Baltic Avenue.
- **Concrete Replacement-** Replace failed areas as needed.
- **Asphalt Patching-** As needed Town-wide.
- **Crack Sealing-** Town-wide by in-house staff.

### New Restroom building-Heritage Park

### Memorial Bricks

Memorial bricks are still available, and offer a unique and special way to honor a significant life event, person, or family. All bricks will be installed at Heritage Park, with space on the Pavilion filling up fast. A brick would be a fantastic Graduation gift.

### Main Street Lighting

The removal of overhead utilities and existing light poles and their replacement with decorative poles and lights between Mill and Mission Streets began on March 2, 2004. This project has been three years in development, and will undoubtedly be a major upgrade for the entire community.

The Town Board and staff sincerely appreciate all the patience and support of the entire community during this time. A very special thank you is also extended to all property owners who so willingly gave the required easements and right of way to Sierra Pacific Power Company-without them this project would not have been possible.

### Gardnerville Branch Jail

Built in 1910, the jail building is located on Courthouse Street directly across from Heritage Park. The building is listed on both the State and National Registers of Historic Places. The building will be used for a law enforcement museum, with planning currently underway.

### Walking Tour Historic Plaques

Made possible with the generous assistance of the United States Forest Service, approximately 30 historic buildings in the downtown core will each have a bronze interpretive plaque installed. The Historical Society is also producing a 70 page book on the history of the community's historic commercial buildings. There's a Walking/Driving Tour map available at the Chamber

### 125th Commemorative Medallions

In honor of the Town's 125 years as a proud Nevada community, the Nevada State Museum is minting commemorative silver (.999 fine) medallions with the highly sought after Carson City Mint mark. A Gardnerville Street scene from the turn of the century is portrayed on the front, with the Nevada State seal used from 1866-1929 depicted on the reverse side. Persons interested in these collectable medallions should call the Town offices as soon as possible as there is a limited availability. Medallion Number 125 will be auctioned off at 12:00 noon, July 18, at Heritage Park.

**Town of Gardnerville**  
**1407 Hwy 395 N**  
**Gardnerville, NV 89410**  
**775 782-7134**
